Computers Unlimited (CU) is committed to protecting your privacy. We will never share, sell or rent individual personal information without prior consent. Your information is available only to CU employees who manage it for the purpose of contacting you to provide the service(s) or carry out the transaction(s) you have requested or authorized. This privacy statement explains data collection and use practices of www.cu.net or the "site." By accessing the site, you are consenting to the information collection and use practices described in this privacy statement.

We may use your personal information to inform you about the product or service that you are using, including critical updates and notifications. Additionally, with your permission, we may send you information about other CU products and services, and/or share information with CU partners so they may send you information about their products and services.

CU occasionally hires other companies to provide limited services on its behalf, such as web site hosting, packaging, mailing and delivering prizes, answering customer questions about products and services, and sending information about our products, special offers, and other new services. We will only provide those companies the personal information they need to deliver the service. They are required to maintain the confidentiality of the information and are prohibited from using that information for any other purpose.

CU may disclose personal information if required to do so by law or in the good faith belief that such action is necessary to:

- (a) conform to the edicts of the law or comply with legal process served on CU or the site;
- (b) protect and defend the rights or property of CU and our family of web sites; or
- (c) act in urgent circumstances to protect the personal safety of CU employees or agents, users of CU products or services, or members of the public.

Personal information collected on the site may be stored and processed in the United States or any other country in which CU or its affiliates, subsidiaries or agents maintain facilities, and by using the site, you consent to any such transfer of information outside of your country. CU abides by the safe harbor framework as set forth by the U.S. Department of Commerce regarding the collection, use and retention of data from the European Union.

Security

CU is committed to protecting the security of your personal information. We use a variety of security technologies and procedures to help protect your personal information from unauthorized access, use or disclosure.

For example, we store the personal information you provide on computer servers with limited access that are located in controlled facilities. Additionally, when we transmit sensitive personal information (such as a credit card number) over the Internet, we protect it through the use of encryption, such as the Secure Socket Layer (SSL) protocol.
